Teppet hekles med ”corner to corner” metoden ”C2C”. Mønsteret består av et diagram og en beskrivelse til hver omgang, så du kan holde styr på hvor mange pixeler du skal hekle for hver farge. Pilene i oppskriften viser hvilken vei omgangen skal hekles. Begynn i nederste høyre hjørne.

Et godt tips er å feste endene etterhvert som du hekler, så du slipper å få en million ender som skal festes til slutt.

Hvis du synes det er vanskelig å holde styr på masse forskjellige nøster kan du med fordel hekle noe av garnet opp på klesklyper, så du enkelt kan feste de fargene som du ikke bruker og ha dem sittende på klypene mens du hekler for å unngå at garnet filtrer seg sammen.

3. Hekle stv i de neste 2 lm.  
Du har nå heklet din første pixel

## Omgang 2

1. Lag 5 luftmasker

2. Hekle 1 stv i tredje lm fra nålen

3. Hekle stv i de neste 2 lm.  
Nå har du enda en pixel.

4. Nå skal pixelen hekles sammen med første pixel. Dette gjør du ved å snu pixelen og hekle en kjm på venstre side av den første pixelen. Bildet viser de 2 sammen-heklede pixelene.

5. Lag 2 lm (erstatte den første stv)

6. Hekle 3 stv i den lm-buen som du nettopp heklet en kjm i. Du har nå 2 pixeler på omgang 2.

### Omgang 3

1. Lag 5 lm

2. Hekle stv i tredje lm fra nålen og deretter 1 stv i de siste 2 lm.

3. Hekle 1 kjm i pixelen under.

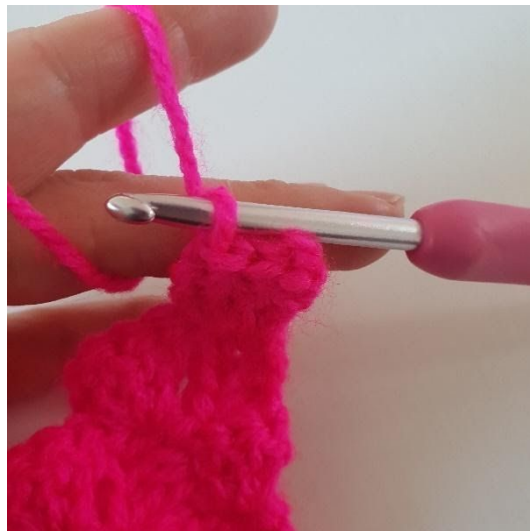

4. Lag 2 lm og hekle 3 stv i den lm-buen som du nettopp har heklet 1 kjm i.

5. Hekle 1 kjm i pixelen ved siden av. Lag 2 lm.  
Hekle 3 stv i den lm-buen som du nettopp har heklet  
1 kjm i. Du har nå 3 pixeler og omgang 3 er ferdig.

## Fellinger til hjørne

1. I stedet for å lage 5 lm på slutten av omgangen hekles 3 kjm på siden av den siste pixelen.

2. Fortsett med å hekle pixeler som før ut omgangen.

3. Her kan du se hvordan du lager fellinger når det skal felles på slutten av en omgang ved å hekle 2 pixeler sammen med 1 kjm.
